In this free educational webinar, you will learn:

- Efficiency measures that can help to drive down your monthly energy bill
- Maximizing your project ROI with funding available through a combination of federal, state, and local programs
- Financing options to fit your budget and objectives (including on-bill financing)
- Creating a sustainability plan that is practical for your business or organization
- Electric and natural gas supply procurement strategies to lower your remaining utility costs

In 2023, we've assisted customers in applying for **over \$2,000,000** in state and federal grants.

Don't miss out on these project funding opportunities. Attend our webinar to learn more!

This webinar is free but limited to businesses interested in learning more about reducing energy costs. Others may attend at the discretion of the program host.
